Title: Protective Electrical Outlet Device	§	HBR001

Response to Telephone Call

Commissioner for Patents
Alexandria, VA 22313-1450

Sir:

This is in response to a telephone call from the Examiner , D. Patel, today August 17, 2004. I had called the Examiner and he promptly returned my call. The purpose of my call was to obtain the status of this application.. The Examiner informed me that he had allowed the application. I was calling because I have not received any notice of allowance.

For a long period of time this application could not be found on the internet status, giving a invalid number. Last week after being inactive for the month of July, I went through my outstanding cases and found that this application was on the internet and showed a Notice of Allowability on 03-04-2004. I called the Examiner since I had not received any Notice of Allowance. Please give me the status of this application.

From the Examiner's comments, it may be that a Notice of Allowance was sent to a wrong party and a wrong address. If so, it is requested that a new Notice of Allowance be sent to me as the proper party to receive correspondence in this application from the Patent Office.

Respectfully submitted,

Kurt S. Myers
Attorney for Applicant
Registration No. 20,244
7634 Braesdale
Houston, Texas 77071
